

A 21ST CENTURY LEARNING COMMUNITY

Striving For Academic Achievement, Leadership Skills and Social Responsibility

Dear Sirs,

This letter is in reference to the E-rate changes. As a rural public school it is imperative for us to have access to this funding to continue supporting the students in our county. With the push for public education to become more technology based we must have federal help to insure our young people have access to the latest technology to prepare them for future workplace and be competitive in the global economy.

Thank you for your support,

A handwritten signature in black ink that reads "Traci Filiss". The signature is written in a cursive, flowing style.
